The attached package, setting forth proposed revisions to the Implementing Procedures for Executive Order 12036, was forwarded to PPG late on the afternoon of 25 Feb 80 with a response deadline of COB 26 Feb 80. Due to the short deadline, there was no opportunity to coordinate the proposed revisions within OS. Although a very short deadline was imposed, coordination, seeking proposed revision, had been previously effected with DD/PTOS and DD/PSI on 6 Feb 80.

PPG representatives reviewed the attached proposed revisions and telephonically conferred with OGC regarding proposed changes 20645, page 9 and 208-11, page 25. OGC assured PPG that the footnote on page 9 expanded the circumstances under which a physical surveillance could be conducted. OGC also explained that the proposed modification set forth in Section 208-11, page 25, while seemingly contradictory, is an attempt by OGC, at the request of DO, to reduce restrictions regarding what information may be permanently stored regarding a potential source or contact.

Subsequent to the requested clarification, OGC was advised that the OS had "no comment" regarding the proposed revisions and interposed no objection.

Please review the attached package and provide comments, if any, to OS/PPG by COB 18 Mar 80.
